

Reach Within to Embrace Humanity

The six focus areas of Rotary's worldwide efforts are (1) maternal/child health, (2) clean water/sanitation, (3) disease prevention/treatment, including the eradication of polio, (4) peace/conflict prevention, (5) economic/community development, and (6) basic education and literacy. In fact, some 800 million of the world's adults do not know how to read or write, and about 100 million children lack access to education. Rotary volunteers (such as Bryan Lindsey, Steve Jacunski, and Jason Merk of the Rotary Club of Hilo Bay, shown at left) distribute Rotary-funded dictionaries to 3rd-grade students throughout the State of Hawai'i.

The Rotary Club of Volcano hosted its annual Labor Day Lobsterfest fundraiser and silent auction at Wailoa State Park on September 5 (right). Over 150 people turned out to support the club with its community projects, as well as to eat lobster, enjoy fellowship and live jazz music, and have fun!
